National Association of Church Design Builders  
1000 Ballpark Way, Suite 306  
Arlington, TX 76011

Dear NACDB,

Corcoran Construction, Inc. has demonstrated superior skills as a design-builder in the construction of our new sanctuary building. Our church had long anticipated a landmark Building on south John Young Parkway as a monument to our Lord and Savior Jesus Christ, Corcoran Construction, Inc. helped us to realize our dream by producing a magnificent building at lowest possible cost.

Many times in the design-build process, our church experienced discouragement because the cost of such a landmark building seemed our reach. Even though our small church was able to secure the largest construction loan ever for a Hispanic church in the Orlando area, construction costs remained beyond our reach. At that point, Corcoran Construction, Inc. showed us how we could retain the architectural components of our building while reducing costs through numerous design modifications and value engineering ideas.

Corcoran Construction, Inc. showed tremendous industry and resiliency during the construction process as it battled three hurricanes, significant damage, lost-time, and labor and material shortages to finish our project. I highly recommend Corcoran Construction, Inc. for a NACDB Award.

Sincerely,

*Rubén Pérez*  
Dr. Rubén Pérez  
Senior Pastor

*Una iglesia amigable y familiar*
